

ASSOCIATE 2(SNAPLOGIC  
DEVELOPER)

Experience – 2.5+ years

SUPARNA  
CHAKRABORTY

## EXPERIENCE

**24/03/2022 - Present**

### **PwC AC Bangalore**

Been involved in Data migration from Oracle native to Oracle Cloud for a client worked on various Finance and Supply chain management objects

Done following steps to do that.

- Loaded source data into staged table through Pipeline
- Checked the data against a set of validation rules through python code and generated a Data quality report through Pipeline.
- Checked the data of Oracle configurable fields in source against oracle through Pipeline and Oracle BIP Reports.
- Zipped the file to load after changing according to the oracle fbdi/hdl template through Pipeline
- Loaded the data through the Oracle fusion instance through Pipeline using OAUTH 2 Token and SOAP execute snap ,some manually through Scheduled Process

Been involved in debugging errors and manipulating pipelines wherever required . worked with SOAP,Json Splitter,Join and various other snaps to build pipelines and debugg it.

**01/03/2021 - 30/11/2021**

## **SOFTLOGIQUE IT SOLUTION**

**SNAPLOGIC (ETL) DEVELOPER FOR CLIENT PwC (IN)**

Projects: -
