### **Objective:**

Experienced SAP FICO Consultant with 2 years of proven expertise in financial optimization and SAP FI/CO modules, seeking opportunities to contribute to client success through strategic financial solutions. Would love to provide innovative solutions that drives business forward.

### **Professional Summary:**

- 2 years of successful experience as an SAP FICO Consultant.
- Proficient in SAP FI and CO modules, with a solid understanding of SAP ABAP fundamentals.
- Consistently delivered results that have positively impacted client profitability and efficiency.
- Skilled in financial analysis and reporting, providing actionable insights.

### **Work Experience:**

SAP FICO Consultant  
SIRC- Saudi Investment & Recycling Company  
Chennai  
Sep 2022 to March 2022

- Providing Business blueprint based on the business requirement.
- Preparation of BPD.
- Developing solutions based on blue-print documents and understanding the business of the customer.
- Attended meeting for Fit-to-standard workshop.
- Attending various meetings with customer to finalize the solutions.
- Creating functional requirement specifications documents which formed the basis for application development.
- Relevant Configuration settings for Finance, Controlling and Funds Management
- Carrying out Business discovery sessions to understand the business process.
- Analyzing the business processes and needs and identifying the (GSI) scope items as per the SAP best practices.

SAP FICO Analyst  
Chennai  
April 2023 to till date.

- Dealt with various tickets and issues as a part of support team and successfully helped client resolve their technical difficulties.
- Assisted in SAP FI and CO module technical expertise.
- Played an integral role in user acceptance testing, ensuring system accuracy and reliability.
- Collaborated with finance teams to create dynamic financial reports and dashboards, facilitating data-driven decision-making.
- Demonstrated commitment to client satisfaction through prompt issue resolution.

SAP ABAP Consultant  
MIC TATRA  
Chennai  
Feb 2022 to June 2022

- Initially worked as a technical support consultant and this gave me a good understanding of how a technical and a functional could be amazing together if they know how to communicate. Which is helping me with my further works as a FICO consultant.

### **Education:**
